Creating Exceptional Values

- Kings is acutely aware of the need for health cost containment.
- Kings Specialty Pharmacy provides

non-insured patients, and those who choose to make direct payment, with the lowest possible prices for all their medications by enrolling them into money saving programs, such as Rx Initiative and EMD Serano's Patient Assistant Program.

- For insured patients Kings Specialty Pharmacy also accepts nearly all forms of conventional insurance and coverage by managed care plans.

- Kings' long experience and extensive infertility patient base results in superior buying power. These advantages are passed along to you in the form of outstanding competitive prices

Kings is Here for You

- Kings' knowledgeable staff is always available to answer your questions and help coordinate your treatment.
- Kings will telephone you after your prescription is filled to make certain you understand all use instructions, including proper storage, handling and administration of your medication.
- Ongoing support of patients who transition from fertility treatment to high-risk pregnancy, requiring continuing use of specialty drugs.

Immediate Availability

- Kings' goal is to have all the medications you need, in stock, all of the time.
- Kings Specialty Pharmacy maintains a large inventory of infertility pharmaceuticals.

Complete, Easy Access

Kings understands that fertility medications are sometimes prescribed at other than "regular business hours". To ensure your access to vital medications and supplies quickly and efficiently, Kings Specialty Pharmacy offers extended hours, seven-days-a-week, 365-days-a-year.
